

## Newsflash: If you are one in a million

Monday, 09 August 2004

Last Updated Saturday, 17 March 2007

If you are one in a million in China, there are 1300 people just like you. The top 25% in China with the highest IQ's is greater than the total population in all of North America. China will soon be the largest English-speaking country in the world.
